#4

- **Connetti** il Jolly 3 al pc con il cavo USB A
- **Connect** the Jolly 3 to the PC with the USB cable A
- **Connectez** le Jolly 3 au PC avec le câble USB A

#5

- **Apri il software FIRMWARE UPDATE e scegli dalla lista la centrale da aggiornare**
- **Open the FIRMWARE UPDATE and choose which control unit you want to update**
- **Ouvrir le logiciel FIRMWARE UPDATE et choisir dans la liste l'armoire à mettre à jour**

#6

- Clicca su **Ricerca aggiornamenti** e poi su OK
- Click on **Search Upgrade** and then on OK
- Cliquez **Search Upgrade** et puis OK

#7

- Attendi la schermata: **RECOVERY COMPLETE** (recupero aggiornamenti completato)
- Wait for the screen **RECOVERY COMPLETE**
- Attendez que l'écran **RECOVERY COMPLETE** (réécupération des mises à jour terminée)

#8

- Collegare il connettore **C1** sulla scheda elettronica  
Connect the **C1** connector to the control unit
- Brancher le connecteur **C1** sur l'armoire

- Se compare un messaggio di errore, estrarre il connettore e reinserirlo nell'altro verso oppure controllare tutti i collegamenti
- If an error message appears, remove the connector, turn it and connect again or check all other wirings
- Si un message d'erreur apparaît, retirez le connecteur, tournez-le et reconnectez-le ou vérifiez tous les autres câblages

#9

- Cliccare su **PROGRAMMA SCHEDA**
- Click **PROGRAM CONTROL BOARD**
- Cliquer sur **PROGRAMMATION ARMOIRE**

#10

- Cliccare 2 VOLTE sul file formato batch "PROG..."
- Click the batch format file "**PROG...**" 2 TIMES
- Cliquer 2 FOIS sur le file en format batch "**PROG...**"

#11

- Attendere fino al completo aggiornamento (circa 1 minuto)
- Wait until the update is finished (1 minute)
- Attendre jusqu'à la fin de la mise à jour (environ 1 minute)

#12

- Aggiornamento terminato. Scollegare il connettore C1
- Update completed. Disconnect the cable C1
- Mise à jour terminée. Débranchez le câble C1

  - Open the software **SP40-V2**
  - Ouvrir le logiciel **SP40-V2**

*Non è necessario disporre della Licenza.  
Alla richiesta premere OK*

*The License is not necessary  
Press OK when required*

*La Licence n'est pas nécessaire.  
Appuyer sur OK à la demande*

#6

- Clicca sull'icona per la modalità JOLLY 3
- Click the icon for the JOLLY 3 mode
- Cliquez sur l'icône pour la modalité JOLLY 3

#7

- Scegli la locazione di memoria da utilizzare
- Select the memory location to use
- Choisir l'emplacement mémoire à utiliser

#8

- Scegli il modello di centrale da aggiornare
- Select the control unit model to update
- Choisir le modèle de carte électronique à mettre à jour

#9

- Clicca su **Carica Firmware** ed attendi che il firmware sia caricato
- Click on **Firmware Upload** and wait that the firmware is uploaded
- Cliquez sur le **Firmware Upload** et attendez que le firmware soit chargé

#10

- Una volta terminata l'operazione, disconnettere il programmatore JOLLY 3 dal PC. Per caricare l'aggiornamento sulla centrale, collegare il JOLLY 3 alla scheda tramite il connettore **B1**
- Once the operation is completed, disconnect the JOLLY 3 programmer from the PC. To upload the new firmware on the control unit, connect the JOLLY 3 to the board via the connector **B1**
- Une fois l'opération terminée, déconnectez le programmateur JOLLY 3 du PC. Pour charger la mise à jour sur la carte électronique, connectez le JOLLY 3 à l'armoire via le connecteur **B1**

**Il JOLLY 3 deve essere collegato a scheda non alimentata!**

**The JOLLY 3 must be wired when the control unit is not powered!**

**Le JOLLY 3 doit être branché avec armoire non alimentée !**

#11

- Alimentare l'impianto. Navigare tra i menù con i tasti **UP** e **DOWN** fino al **MENU FIRMWARE** e accedere premendo **OK**
- Power the system. Scroll the menus with the **UP** and **DOWN** keys until the **FIRMWARE MENU** and access by pressing **OK**
- Alimentez le système. Naviguez dans les menus avec les touches **UP** et **DOWN** jusqu'au **MENU FIRMWARE** et accédez-y en appuyant sur **OK**.

#12

- Navigando con **UP** e **DOWN** scegliere il firmware che si vuole caricare sulla scheda elettronica e premere **OK**. Terminato l'aggiornamento della scheda, sarà necessario resettarla e ripetere la programmazione dei tempi di lavoro (*vedere il manuale della scheda elettronica*)
- Scroll using the **UP** and **DOWN** keys, choose the firmware you want to upload on the control unit and press **OK**. Once the unit updated, reset it and repeat the programming of the working times (*see the control unit manual*)
- Naviguez avec **UP** et **DOWN**, choisissez le firmware que vous souhaitez charger sur la carte électronique et appuyez sur **OK**. Une fois la carte mise à jour, il faudra la réinitialiser et répéter la programmation des temps de travail (*voir le manuel de la carte électronique*).
